APPENDIX A - REGISTRANT INDEX A-1
APPENDIX B - SHORT FORM INDEX B-1

Foreword

To the Senate and House of Representatives of the United States of America in Congress Assembled:

The Department of Justice ("Department") submits the following report on the administration of the Foreign Agents Registration Act of 1938, as amended, 22 U.S.C. § 611 *et seq.* ("FARA" or "the Act"). Section 11 of the Act (22 U.S.C. § 621) requires the Attorney General to report every six months to the Congress concerning the administration of FARA, as well as the nature, sources, and content of informational materials disseminated and distributed by agents of foreign principals registered under the Act. This report covers the administration and enforcement of FARA for the six months ending December 31, 2025.

FARA is a disclosure statute that requires persons in the United States who are acting as agents of foreign principals and engaged in certain specified activities within the United States to register with the Department and to make periodic public disclosure of their relationships with the foreign principals, as well as to disclose activities, receipts, and disbursements in support of those activities. An important purpose served by FARA is to inform the government and the people of the United States of the identities of persons engaging in political activities for or on behalf of foreign governments, foreign political parties, and other foreign principals, so that their statements and activities can be assessed in light of their associations.

Throughout this report are hyperlinks providing direct access to all filings made by each registrant. Hyperlinks may be accessed by clicking on the registrant's name. These links provide access to the disclosures made by foreign agents, which include activities the foreign agents have engaged in, monies received from and disbursed on behalf of foreign principals, and informational materials disseminated by the foreign agents. Additional search tools are available on the FARA website, https://www.justice.gov/nsd-fara.

The text of this report lists, according to geographical location or nationality of applicable foreign principal, all agents who were registered at any time during the second six months of 2025 or who reported for the first time during that period activities, receipts, or disbursements for a previous period. It includes the identities of the agents and their foreign principal(s), a description of the agents' activities, a total figure for monies received, and a listing of all individual foreign agents acting on behalf of foreign principal(s). This report and information on the activities of foreign agents can be accessed on the FARA website, which can be reached through the National Security Division ("NSD") website, at https://www.justice.gov/nsd-fara.

Improvements continue to be made to the FARA computerized records system and website. In response to the Honest Leadership and Open Government Act of 2007, FARA registrants are required to file registration statements and supplements in electronic form. In April 2011, the Department unveiled FARA eFile, a system for the electronic filing of registration statements and supplements. The system enables foreign agents to electronically file documents with the Department. FARA eFile allows registrants to register and pay the required registration fees online, 24 hours a day, seven days a week. The FARA Unit has continued to improve the eFile system, moving to a web-form fillable format for new registrants in September 2019, which streamlines the inputting of information and increases search functionality. Because of these improvements, the information contained in this report is readily available to the public on the FARA website shortly after being submitted to the FARA Unit. Additional information about FARA eFile can be found at https://www.justice.gov/nsd-fara/fara-efile-frequently-askedquestions.

Pursuant to regulations that the Department has issued implementing FARA, potential registrants or their counsel may request an advisory opinion regarding the applicability of

FARA. *See* 28 C.F.R. § 5.2. On June 8, 2018, the Department of Justice announced the public release of the advisory opinions issued by the Department of Justice's FARA Unit since January 1, 2010. *See* https://www.justice.gov/nsd-fara/advisory-opinions. By posting these advisory opinions, the Department provides the public with guidance on how it interprets some of FARA's key provisions. The opinions and letters are organized on the website by topic of inquiry or the aspects of the statute they discuss. Any proprietary information, including information that would identify the parties who made the requests, has been redacted. With the public posting of advisory opinions, and its continued public release of such opinions, the Department has demonstrated its commitment to improving the public's understanding of FARA. During the six-month period from July 1, 2025, to December 31, 2025, the FARA Unit issued five advisory opinions.

The Act does not place any limitations on the political advocacy activities of an agent, and the Department's administration of FARA is not designed or intended to inhibit or discourage the expression of political views in any way. Registration under FARA does not imply recognition by the United States Government of the legitimacy of any particular foreign government or foreign political party. Furthermore, registration does not indicate approval by the United States Government of the activities of registered agents or the content of any informational materials they disseminate.

Statistical Summary

During the six-month period ending December 31, 2025, the Department received 54 new registration statements and terminated 13 registrations. A total of 565 active registrants, representing 858 foreign principals, were on file during the period of July 1, 2025, through December 31, 2025. Individuals acting as officers or employees rendering assistance to a

registrant for or in the interests of its foreign principal filed 349 new short-form registration statements under the Act, bringing the total of short-form registrations to 2,635 during the period of July 1, 2025, through December 31, 2025. There were 127 new agreements with foreign principals reported by agents under the Act, and 76 agreements with foreign principals were terminated during this period.

Pursuant to P.L. 102-395, enacted on October 6, 1992, which authorized the Attorney General to establish fees to recover the cost of administering FARA, $242,746.00 in fees was received during the six-month period ending December 31, 2025. A total of $13,763,192.30 was collected between the initiation of the program and December 31, 2025.

Enforcement and Other Significant Actions

In the second half of calendar year 2025, the FARA Unit conducted seven books-and-records inspections of FARA registrants under its civil administrative authorities.

During the six-month period from July 1, 2025, to December 31, 2025, there were no causes of action filed pursuant to FARA's civil enforcement authorities.

During the same period, there were no criminal FARA cases charged.
